**Last Orders**

by Ross McShane, A Footsteps Production

*Last Orders is a 2 act immersive play set in an Irish Pub. It explores the meaning of life and the here after in a thought provoking and often darkly humorous fashion. Dominick a young bar tender is trying to lock up for the night but one last customer is proving hard to shift. The Professor is well in his drink and to placate him Dominick gives him one last sup. They converse and soon realise they have opposing outlooks on life. After much heated debate they get ready to leave when a final visitor emerges to confront them both. Be prepared to be challenged, to laugh and to cry as you too are provoked to think "What is the point of life?"*
