This year has seen a nett loss of approximately 40 members as numbers have fallen from around 800 playing members to around 760 playing members.

Figures we have gathered in relation to our current age demographic would indicate that the trend could continue in the coming years.

The potential loss of members and failure to attract new members is a serious concern and one we need to address now to secure the future of our club.

We want your opinions on how you feel we can address these issues – please reply to this email with your own ideas on or before 30th November 2017.

Warrenpoint Golf Club advertise for new Head Greenkeeper

We complete the 2017 season and move into 2018 searching for a new Head Greenkeeper.

The advert to the left indicates the level of experience and qualifications we are looking for in candidates to fill the position.

Advertisement on the BIGGA website (British and International Golf Greenkeepers Association) and in their magazine has given the advert exposure to a wide range of professionals within the industry.

Interviews will take place in January with the expectation that the successful candidate will begin employment with the Club in February.
